Thoughts on past and future collaborations

Esteemed Ukrainian friends.

As I reflect on my visits to Ukraine and the invaluable time spent with our Ukrainian colleagues, I want to express my deep appreciation for the collaboration and the value it brings to our shared efforts.

During my visits to Ukraine, I was deeply impressed by the commitment of its people to the principles of democracy and freedom.

The Ukrainian's people passion for progress and resilience in the face of challenges have left a deep-rooted mark on me.

Having the honor of working closely with teachers and students in Ukraine, I have seen firsthand their dedication to education and relentless pursuit of knowledge.

I was inspired by the enthusiasm and resourcefulness of Ukrainian teachers and students.

Their eagerness to embrace new ideas and their willingness to collaborate for the common good exemplify the spirit of unity and progress that defines Ukraine's path to a brighter future.

As we continue to work together to strengthen our partnership and support the aspirations of the Ukrainian people, I am confident that our collective efforts will advance democracy, education, and prosperity in Ukraine and beyond.

Together, we can build a better tomorrow for future generations.

Warm regards,
Maribel Roman,
